

WORRY FREE BRIDE, “DELEGATE LIST”

On your wedding day, make sure that the only thing on your mind is to enjoy your special day 100%. We feel in order to accomplish this you must DELEGATE all chores, set-up and cleanup. Friends and family members will be honored that you asked them to help you out on your wedding day. We have outlined some very important tips below.

Let your Best Man hold the wedding rings until the actual wedding ceremony.

Have the Maid of Honor or a Bridesmaid assist you in the bridal changing room.

Assign a person to pin on the corsages and boutonnieres to Bridal party.

Assign individuals to set out any and all decorations in both your ceremony and reception areas.

If your having “Assigned Seating” assign a “Go To Person” if any questions/problems occur.

Assign a person to pack up all gifts to be taken home.

Assign a person to pack up and bring home your cake top and any leftover cake.

Assign a person to remove all decorations from ceremony site and if needed, place them in the reception area.

If your Flower Girl and/or Ring Bearer is very young (3 yrs under) assign a person to seat them if they find them to be a little antsy while standing up at the actual ceremony.

*We hope you find this list to be helpful.
